Notes from the Director:

I struggled to think of what to write as my director's notes. I tend to be deadly serious about all tasks; I can't help my Type A personality! I wanted to write a profound note that would open your mind to the deeper meaning behind The Legend of Sleeping Beauty. I hoped that I could think of the perfect quote or literary reference to express my goals for the viewing audience.

Then I realized that I was over thinking it. Sometimes theatre can reveal some great truths about the universe or illuminate a facet of human nature. And sometimes it is only meant to entertain us. After all, this is a show with ten singing and dancing mice and a bluebird with an attitude problem!

All that is really left for me is to thank the amazing cast and crew of this show for their dedication and hard work. I have truly enjoyed this rehearsal process. What a fun, creative group of people! I have loved playing with you all. Break legs!

And for you, the audience, I have no illusions that you will walk out of this show with a deeper understanding of the true meaning of life, but I do hope you walk out with a smile on your face as you hum the music. I hope there's a bounce in your step as you go back into your real life. (And if you discover deeper truths, that's ok, too.)
